DETAILED ACTION

Priority

1. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Canada on September 27, 2002. It is noted, however, that applicant has not filed a certified copy of the Canadian application as required by 35 U.S.C. 119(b). If the benefit of foreign priority is desired, the certified copy should be submitted with or before the payment of the issue fee.

Allowable Subject Matter

2. Claims 1-8, 12, 13, 16 and 18-20 are allowed.
3. The following is an examiner's statement of reasons for allowance: The examiner agrees with applicant's characterization of why amended claim 1 distinguishes over the prior art of record. Specifically, the closest prior art to GB '692 fails to disclose the step of supplying rich absorbent from the first absorber to an intermediate stage of the second absorber. Independent claims 13, 16 and 19 have been amended to include allowable subject matter as indicated in the previous office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
